accident occurred on his way out about two hours before, and knew that the two railway tracks were to be used by vehicles as a thoroughfare, as the roadway on both sides was torn up.

On his return, before entering the portion being repaired, where he knew he would have to stick to the right car track, and where it would be difficult to swerve account of the iron trolley poles, he oked back, he said, and saw nothing. He had not gone more than a few hundred feet when he heard a trolley car approaching at terrific speed. He said he tried to put on speed and take the other track, and succeeded in getting the machine two-thirds over, when the trolley car struck it on the right side, where Mrs. Hubbard was sitting. The chauffeur was positive his red tail light was burning, as he had lighted it less than half and hour before. Motorman Wiley said he was positive

he was not exceeding the speed limit when the collision took place. He said the speed limit was twenty miles an hour He said that he did not see Mrs. Hubbard's car until he was within 100 feet or so of it, and it appeared so suddenly he did not know from where it came. When he attempted to apply the hand brake, it proved insufficient, and he reversed. This, he said, caused his over-

head switch to blow out. Maj. Henry G. Cole, of the quarterma ter's department of the army, in whose automobile Mrs. Hubbard was taken to Garfield Hospital, where she died, said h had noticed the car some time before is the time, and when he started to land, he struck the automobile, and he said it was traveling at a high speed, which he esti-The two spectators either did not see mated at forty miles or more an hour. Mr. Wright himself had to grasp the conof the trolley car. Maj. Reisinger was After he had landed, he sprang from Maj. Cole's statement as to the speed of
